If you're approaching the end of your Ford Options or Ford Options Cashplan agreement and are considering handing your vehicle back, here's a reminder of our 'Fair Wear and Tear' standards and current charges.

A copy of the “A Guide to Your Ford Options Agreement” can be downloaded from the Ford website at www.ford.co.uk/myaccount

If you decide to return your vehicle at the end of your agreement, please keep an eye on your mileage and check your vehicle carefully prior to handing back to the Dealer. So long as your vehicle meets the fair wear and tear standards detailed in the "A Guide to Your Ford Options Agreement" and its mileage is within the agreed mileage band, you will have nothing further to pay.

In the event that you decide to return your vehicle at the end of the Agreement, it must be returned to your supplying Ford Dealer, who will carry out a vehicle appraisal in your presence.

Fair wear and tear

Fair wear and tear means that, for its age and mileage, the vehicle should be in good working order, condition and repair.

Ford Credit uses a points method to help your Ford Dealer calculate any damage charges if you are handing back your vehicle. Points are determined by the severity of the damage, or if parts are missing.

Your Ford Dealer will allocate points depending on the following criteria, high value items incur a higher number of points, up to a maximum of 6:

- Minor damage that can be fixed by smart repair.
- Severe damage repairable without replacement parts.
- Damage needing replacement parts or for missing items.

Your Ford Dealer will note any items that are in an unsatisfactory condition according to the wear and tear standards, or where parts are missing or broken. The total number of damage points will then be multiplied by the “Per Damage Point” charge detailed below.

Where the vehicle is extensively damaged or in very poor condition Ford Credit may elect to commission an independent report before finalising charges payable.

Charges - Per damage point

£30 + VAT per damage point.

Charges - Excess Mileage

Please see your finance agreement.

In addition, you are asked to ensure that you return all keys and documentation. Missing items may be charged in accordance with the table below:
